The program was co-provided with the Greensboro Area Health Education Center.

Integrative Medicine Oncology and Cancer Care

Denise Spector, PhD, MPH, ANP, RYT

Oncology Nurse Practitioner

UNC Lineberger Comprehensive Cancer Center

UNC School of Medicine

University of North Carolina at Chapel Hill

LECTURE DESCRIPTION

The presentation will provide an overview of Integrative Medicine (IM) and Lifestyle Medicine for oncology patients, including definitions of IM, integrative oncology, and lifestyle medicine as they relate to the care of oncology patients. Specific strategies that may be incorporated to enhance the care of those affected by cancer will be highlighted, along with a description of the Integrative Medicine Consultative Service through the Comprehensive Cancer Support Program (CCSP). Additional resources/websites will be provided.

LEARNING OUTCOMES

- Differentiate between integrative medicine and alternative medicine for cancer patients.
- Describe three evidence-based strategies that may help improve the quality of life for individuals affected by cancer.
- Identify appropriate cancer patients/survivors who may benefit from an integrative medicine consultation.
